

# First road run

A few last adjustments, rev them up, and they're off!

The British Motorbike Owners' club sets off on its first road run of the summer.

Fourteen Brimbo members turned up at the run, which started at Pulham Market.

Secretary Ray Peacock told the *Express*: "As it was so early in the season some of the members didn't have their British bikes on the road but most of the members managed to get them ready."

● Brimbo riders — ready to go.
